Subject: RE: Press Release for NPL Proposal

Thanks for sending this along. I'll try to match the level of detail in this press release and then get it to you for review.

Thanks,
Rob

This is a good example, altho we wrote this based on specific circumstances for the site. We can discuss if any additional details or messages would be beneficial for CFAC?

Hi, Rob.

I don't have an example of a press release for a proposal for listing, but here is a press release Chris put together for the listing of Colorado Smelter. It would be great if you got the ball rolling on this.

Thanks!
Cynthia

Subject: Press Release for NPL Proposal

We'll want to develop a press release for when we propose CFAC. The current schedule calls for a Federal Register notice on March 19th.

Do either of you have a press release for an old proposal that could be used as a starting point for this one? I'd like to draft it sooner rather than later as I'll be out for a few days. I'd be happy to take a first shot at filling in the details if you'd like. I know when we proposed Smurfit Stone, DEQ was interested in seeing it prior to its release. I'd like to give them a few days to review.

Thanks,
Rob
